

PRIMHD IT Vendor Expo Agenda – 18 August 2010

Background:

The Ministry of Health, in conjunction with Platform Trust, have combined resources to host a PRIMHD IT vendor's forum. This forum is an opportunity for any mental health and addiction NGO provider that is thinking about purchasing a software solution to hear directly from those vendors that are in the PRIMHD market place (refer to the [Platform website](#) for the complete list of known IT vendors).

Venue:

The forum will be held at the Ministry of Health, **180 Molesworth St, Wellington.**

Vendor representatives will need to report to the reception desk about 15 minutes before their designated timeslot as access to the building is restricted.

NGO provider attendance at the forum:

NGO providers are also welcome to attend the Wellington session, but they will need to contact primhdteam@moh.govt.nz to add their name to the list of those people attending in person. Please note that video conference facilities have been booked around the country for those NGO providers that cannot travel to Wellington (contact your PRIMHD NGO regional coordinator for further details – their contact information is listed on the [MOH PRIMHD](#) and [Platform](#) websites).
