

Additional information to assist with the interpretation of the national PRIMHD Codes

**Developed by the
PRIMHD NGO Regional
Coordinators**

Endorsed by the Ministry of
Health

April 2011

Intended Audience and use

The intended audiences for this document include NGO providers, funders, Ministry of Health and the PRIMHD DHB coordinators.

This document offers additional explanatory information only and does not in any way replace the national standards that have been developed for the Programme for the Integration of Mental Health Data (PRIMHD) under the auspices of the Health Information Standards Organisation (HISO).

Acknowledgements

Special thanks go to Vivienne Martin, PRIMHD NGO Regional Coordinator, Midland Mental Health and Addictions Network for providing the original draft of this document. Other contributors include:

Name	Position title	Employing organisation
Soledad Labbe-Hubbard	PRIMHD NGO Regional Coordinator, Northern Region	Northern DHB Support Agency Ltd
Renata Balfour	PRIMHD NGO Regional Coordinator, Central Region	Capital & Coast DHB
Kuvandrin Poonan	PRIMHD NGO Regional Coordinator, Central Region	Capital & Coast DHB
Ryan Papps	PRIMHD NGO Regional Coordinator, Nelson-Marlborough, Southern Region	Nelson-Marlborough DHB
Kyle Hawkins	PRIMHD NGO Regional Coordinator, Southern Region	Richmond NZ
Dita Ciulacu	PRIMHD NGO Regional Coordinator, Otago, Southern Region	PACT
Belinda Walker	PRIMHD Technical Support	Midland Mental Health and Addictions Network
Barry Welsh	Principal Technical Specialist	Ministry of Health
Monica Martin	Data Quality Auditor/ Analyst	Ministry of Health
Jenny Hurunui-Angus	Data Quality Auditor/ Analyst	Ministry of Health
Helen Cronin	Senior Rollout Coordinator, PRIMHD	Ministry of Health
Phillipa Gaines	PRIMHD coordinator	Platform Trust
Katie Weastell	PRIMHD liaison	Platform Trust

The final version of this document has also incorporated feedback from some of the PRIMHD DHB site coordinators.

1. INTRODUCTION

Purpose of PRIMHD

PRIMHD is a *consumer-centric database* that is designed to capture a range of services that are being delivered to consumers by contracted mental health and addiction providers. The primary objective of PRIMHD is to obtain a national picture of the mix of District Health Board (DHB) and NGO services that are being delivered to consumers and how this pattern is changing over time. This information helps inform service planning processes as well as helping decision-makers to monitor the progress of the sector against key policy directions.

PRIMHD is not a contract monitoring database, nor is it a tool to capture information about absolutely everything that a staff member does while they are at work. Many individual provider information systems do have the capacity to collect a broader range of staff activities, but PRIMHD represents the subset of those service activities that are required to populate the national collection.

Purpose of this document

This document records the common understanding of the PRIMHD NGO Regional Coordinators (PRCs) about the definition of each of the PRIMHD Codes that are outlined in the national PRIMHD standards (refer to the standards that are listed under the '*information for vendors*' page on the PRIMHD website at <http://www.moh.govt.nz/moh.nsf/indexmh/primhd-vendors>).

In those instances where there is a degree of ambiguity about how to apply the codes, additional notes and supporting comments have been developed to help ensure that there is consistent collection and interpretation of the codes.

It is important to note that the purpose of this document is to promote national consistency and that it is not intended to replace the national standards for PRIMHD. The objective is to support a common national approach so that the quality of the data that is reported to PRIMHD improves, thereby improving the utility of the national collection.

Notes

To avoid confusion, all of the national PRIMHD codes have been included in this document. This includes those codes that have already been retired (greyed out) as well as the codes that are more relevant to DHB services (e.g. acute inpatient units). These are shaded in green.

All of the current PRIMHD codes in this document are valid for use to **30 June 2015**, by which time the review of PRIMHD will have taken place. This review will be conducted under the auspices of the Health Information Standards Organisation (HISO) and will involve a process of public consultation.

It is important to note that in most cases there is not a one-to-one match between the purchase unit codes (PUCs), which are outlined in the Nationwide Service Framework (NSF) and the PRIMHD Team codes. In addition, providers may deliver services that are not easily captured by either the NSF or PRIMHD. For this reason, all providers will need to complete a mapping document which identifies each Team and the associated activities using the PRIMHD codes. Consistent mapping processes are particularly important when it comes to funders, providers and the Ministry of Health interpreting the reports that are based on PRIMHD data.

2. PRIMHD ACTIVITY CODE DESCRIPTIONS

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T01	Mental Health Crisis Intervention	Unplanned intervention involving the consumer in assessment and /or treatment to stabilise symptoms in urgent situations which require an immediate response.	<p>A consumer requiring immediate response from the provider in order to urgently stabilise symptoms.</p> <p>For example:</p> <ul style="list-style-type: none"> Utilising de-escalating techniques while waiting for the crisis team to arrive Obtaining advice from the crisis team by phone to help stabilise the situation Police may need to be called to help stabilise the situation prior to the crisis team arriving.
T02	Mental Health intensive care inpatient occupied bed days	Time spent by a consumer in a mental health intensive care inpatient service. These 24-hour care and treatment services are provided to manage people with serious acute mental health disorders, whose condition presents a danger to themselves/or other people. These consumers are generally the subject of a compulsory assessment or treatment order.	Hospital inpatient bed night activity code only.
T03	Mental health acute inpatient occupied bed days	Time spent by a consumer in a mental health acute inpatient service. These 24-hour care and treatment services are provided to people experiencing severe acute symptoms, requiring intensive input for a short period of time.	Hospital inpatient bed night activity code only.
T04	Mental health sub-acute inpatient occupied bed days	Time spent by a consumer in a mental health sub-acute inpatient service. These 24-hour care and treatment services are provided to manage unwell people, requiring less intensive input for a longer period of time.	Hospital inpatient bed night activity code only.
T05	Mental health crisis respite care occupied bed days	Time spent by a consumer in a mental health crisis respite care service. Home-based or residential services are provided as an option for people who would otherwise require admission to acute inpatient mental health services.	<p>A person requiring support in an urgent situation who does not require an inpatient stay.</p> <p>Clients on respite at your respite facility - this is counted as an occupied bed day.</p> <p>Record the start date and start time as well as the end date and end time to clearly specify the period of care.</p>
T06	Mental health individual treatment attendances		This code was retired in 2008 and is included here for historical reference purposes only.

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T07	Mental Health group programme attendances	Assessment, treatment, care planning, review and discharge services provided in a group setting.	This code is intended to be used for consumer group sessions that have a treatment focus (e.g. DBT group, A&OD group). The general guideline is that the duration of a group contact is less than 3 hours (if more than 3 hours then use a T22).
T08	Mental Health Care coordination contacts	Significant contact between mental health professional and other agencies/ persons relating to the care of a consumer, to ensure continuity of service provision, where the mental health service is the lead agency. Consumer generally not present.	An external agency is present. This code captures activity with a focus on ensuring good coordination amongst a range of different agencies that are involved in someone's care. Examples are: <ul style="list-style-type: none"> • Consultation/Liaison (Adult Mental health Services (DHB) – Key worker • Child Youth & Family Service • GP Primacy Mental Health Service • Strengthening Families meetings.
T09	Early psychosis intervention attendances	Assessment and treatment services provided to people experiencing a first psychotic illness, aimed at minimising the risk of chronicity.	Code to be used by those services that are contracted to support people who are experiencing a psychotic illness for the first time.
T10	Support needs assessment attendances	Comprehensive assessment and review of consumer's living and support needs; the goal being return to optimal levels of functioning.	This service is provided by an agency that has been specifically contracted to conduct needs assessments.
T11	Mental health maximum secure inpatient occupied bed days	Time spent by a consumer in a mental health maximum secure inpatient service. These 24-hour care and treatment services are provided to eligible people who require higher levels of observation and intensive treatment and/or secure care over longer periods than can be provided in medium secure units.	Hospital inpatient bed night activity code only.
T12	Mental health medium secure inpatient occupied bed days	Time spent by a consumer in a mental health medium secure inpatient service. These 24-hour care and treatment services are provided to eligible people who are in need of more intensive assessment and/or treatment than can be provided in a less secure setting.	Medium secure inpatient bed night activity code only.

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T13	Mental health minimum secure inpatient occupied bed days	Time spent by a consumer in a mental health minimum secure inpatient service. These 24-hour care and treatment services are provided for eligible persons as part of recovery oriented process.	Minimum secure inpatient bed night activity code only.
T14	Mental Health forensic pre-discharge hostel occupied bed days	Time spent by a consumer in a mental health forensic pre-discharge hostel. These 24-hour care and treatment services are provided in a step-down facility within forensic services and usually within the hospital site.	Forensic re-discharge hostel service activity code only.
T15	Court liaison attendances	Attendance at court by a staff member to provide advice, assessment and referral in respect of a consumer.	This code should only be used when a staff member attends court as part of proceedings to provide advice, assessment and referral services in respect of a consumer. NB: The time preparing a report for court should not be reported. Setting code CT. If providing the consumer with support only, use T43.
T16	Substance abuse detoxification occupied bed days (medical)	Time spent by a consumer in a medical substance abuse detoxification service. These 24-hour care and detoxification services are provided by or on behalf of contracted alcohol and drug providers or facilities in an inpatient setting.	Hospital inpatient bed night activity code only.
T17	Substance abuse detoxification attendances (social)	Detoxification services provided by or on behalf of contracted alcohol and drug providers or facilities in a community setting.	Social detoxification service activity code only.
T18	Methadone treatment specialist service attendances (consumers of specialist services)	Treatment or counselling services provided by staff from an alcohol and drug treatment provider or facility for people receiving methadone under specialist A&D service case management (excludes consumer of authorised GPs).	Consumer receiving methadone treatment which is provided by a specialist A&D service.
T19	Methadone treatment specialist service attendances (consumers of authorised GPs)	Treatment or counselling services provided by staff from an alcohol and drug treatment provider or facility for people receiving methadone prescribed by GPs under specialist service authority, while receiving case management from specialist A&D services.	Consumer receiving case management from a specialist A & D service. These services are for consumers who are prescribed methadone by those GPs with specialist service authority.

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T20	Substance abuse residential service occupied bed days	Time spent by a consumer in a substance abuse residential service. These 24-hour care and treatment services are provided to people with particular requirements unable to be in less structured or supported settings.	
T21	Psychiatric disability rehabilitation occupied bed days	Time spent by a consumer in mental health psychiatric disability rehabilitation unit.	
T22	Mental Health day treatment programme attendances	Provision of non-residential assessment, treatment and recovery oriented rehabilitative programme services (for more than 3 hours) to non-inpatient consumers requiring specialised programmes and/or more intensive care than can be provided within outpatient services.	<p>This code is to be used for consumer group sessions, with a treatment focus (e.g. DBT group, AOD group).</p> <p>The general guideline is that the duration of a group contact is more than 3 hours (less than 3 hours is T07).</p> <p>Record start date and start time as well as the end date and end time for each person who attends the programme Each day needs to be recorded separately.</p> <p>NB: This code may also be used for NGOs providing day treatments/programmes off-site that include overnight stays. For example, camping sites, Marae or other overnight facilities. Providers must report this service using either a T22 or a T23 with an 'end time' of midnight if the activity should involve over-night stays. Even if this type of activity does involve some over-night stays, then the provider should <u>not</u> report any bed nights. This helps to mitigate the risk that the number of contracted beds that are available in the region will be over-stated.</p>
T23	Mental health day activity programme attendances	Provision of non-residential therapeutic, recreational, social or other related programmes for more than 3 hours to non-inpatient consumers.	<p>Activity code for group programmes including, but not limited to the following:</p> <ul style="list-style-type: none"> • Recovery / Social rehabilitation programmes • Craft/ cooking programmes • Outings / day trips etc. <p>NB: This code may also be used for NGOs providing day treatments/programmes off-site that include overnight stays. For example, camping sites, Marae or other overnight facilities. Providers must report this service using either a T22 or a T23 with an 'end time' of midnight if the activity should involve over-night stays. Even if this type of activity does involve some over-night stays, then the provider should <u>not</u> report any bed nights. This helps to mitigate the risk that the number of contracted beds that are available in the region will be over-stated.</p>

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T24	Work opportunities programme attendances	Services provided to assist consumers to obtain, maintain or advance in employment.	<p>Activity code for group programmes involving employment activities.</p> <p>If an NGO provides a consumer with a voluntary position within their organisation to help them gain some work experience (e.g. office administration, answering phones, filing, etc) then this is classified as a T24.</p> <p>If the consumer progresses to paid employment then the T24 will cease.</p> <p>Each period will have a start and end time and date for each defined period of work experience.</p> <p>T43 will be used when supporting a consumer with employment issues that differ from the above description.</p>
T25	Community mental health residential level 1 occupied bed days	Time spent by a consumer in level 1 community residential home. Brief/daily support provided by experienced non-clinical staff.	This service is either no longer contracted or in the process of being disestablished in favour of mobile community support options.
T26	Community mental health residential level 2 occupied bed days	Time spent by a consumer in level 2 community residential home. 24-hour support provided by non-clinical staff. May include sleepovers.	This service is either no longer contracted or in the process of being disestablished in favour of mobile community support options.
T27	Community mental health residential level 3 occupied bed days	Time spent by a consumer in level 3 community residential home. 24-hour support provided predominantly by non-clinical staff with some clinical staff available short term (day hours/sleepover).	
T28	Community mental health residential level 4 occupied bed days	Time spent by a consumer in level 4 community residential home. 24-hour support intensive support provided by a mix of clinical/non clinical staff.	
T29	Community mental health residential long term occupied bed days	Time spent by a consumer in long-term community residential home. 24-hour support for consumers with complex needs over long term.	
T30	Respite care occupied bed days	Time spent by a consumer in a respite care service or receiving home based respite care. For use by people who require a short break from their usual living situation.	

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T31	Home based care contacts		This code was retired in 2008 and is included here for historical reference purposes only.
T32	Mental health contact with family /whānau	<p>Time spent in contact with family/whānau or significant other discussing family/whānau issues related to the treatment/care/management of the service user, engaging in couple or family therapy.</p> <p>Note:</p> <p>A. The service user is not present.</p> <p>B. This excludes;</p> <p>i. Situations where family/whanau members accompany the service user to support them (coded T09, T36 or T43), whichever applies</p> <p>ii. Treatment to be coded T01</p> <p>iii. Care coordination (family group conferences and strengthening family meetings to be coded T08).</p>	<p>Whānau/ family only present</p> <p>All activity is recorded under the identified consumer's NHI number.</p> <p>See: FAQ – Use of the NHI with family/ whanau involvement and the associated PRIMHD recording procedures.</p>
T33	Seclusion	The placing of a consumer, at any time and for any duration, alone in a room or area from which they cannot freely exit.	Only a DHB Hospital inpatient code.
T34	ECT	Electro Convulsive Therapy.	ECT activity code only.
T35	Did not Attend	The consumer did not participate in the activity.	<p>The consumer did not attend a prearranged meeting or programme.</p> <p>The provider records the allocated time that would have been spent with the consumer. Record the setting code as if the consumer had attended the session.</p> <p>If the consumer cancels the session 24 hours or more in advance, then this is <u>not</u> counted as a DNA.</p> <p>If the staff member sees another consumer within the time period that they would have spent with the consumer that did not attend – then they record this activity as well as the T35.</p>
T36	Mental health treatment attendances with Whānau/family present	Assessment, treatment, care planning, review and discharge services in conjunction with either or both family/whānau and/or significant other present.	Face to face contact with family / whānau with consumer present.

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T37	On Leave	<p>The absence of a consumer from the healthcare/support facility to which they were most recently admitted/entered.</p> <p>Leave is report only where that consumer is absent at midnight.</p>	Only teams that record bed nights record this activity (Residential, inpatient).
T38	Māori specific interventions only	<p>Application of Māori Models of Practice, traditional and contemporary, which recognise the value of culture to the healing process including, but not limited to whakawhānaungatanga and increased access to te Ao Māori, incorporating but not limited to: purakau; mau rakau; waiata; te reo; raranga; karakia; whakapapa; mirimiri; and rongoa.</p> <p>This would also include services proved by tohunga, kaumatua, kuia, Māori staff and Māori cultural advisors, but does not necessarily have to be delivered by a contracted Kaupapa Maori team.</p>	<p>One- to- one support or a group programme.</p> <p>If welcoming a consumer into the service (Powhiri) or discharging from the service (Poroporoaki).</p> <p>Māori activity programmes using the cultural practices as mentioned, in a Māori setting.</p> <p>If using a western medical model in conjunction with the Māori intervention, then use T39.</p> <p>Each day needs to be recorded separately, even if the service provided involves a 3 day hui.</p>
T39	Integrated Māori and clinical interventions	<p>In addition to receiving mainstream clinical interventions and services, the client also received integrated Māori specific services and clinical interventions (for example, application of Māori Models of Practice, traditional and contemporary, which recognise the value of culture to the healing process including, but not limited to whakawhānaungatanga and increased access to te Ao Māori, incorporating but not limited to: purakau; mau rakau; waiata; te reo; raranga; karakia; whakapapa; mirimiri; and rongoa. This would also include services proved by tohunga, kaumatua, kuia, Māori staff and Māori cultural advisors.</p>	<p>One to one support or a group programme.</p> <p>This includes programmes that use both a western medical model as well as Māori interventions - usually held in a Māori setting.</p> <p>It would also include those clinical interventions that are supported by a western approach such as a bio-medical intervention, etc.</p> <p>If welcoming a consumer into the service (Powhiri) or discharging from the service (Poroporoaki) use a T38.</p> <p>Each day needs to be recorded separately, even if the service provided involves a 3 day hui.</p>
T40	Pacific peoples cultural activity	<p>Activity involving Pacific consumers which relates to the application of traditional and contemporary Pacific peoples cultural practices, processes and models of assessment, treatment and healing with appropriate and increased access to Pacific peoples families, communities and services.</p>	<p>One to one support or a group programme.</p> <p>Each day needs to be recorded separately.</p>

PRIMHD activity codes			
Activity code	HISO description	HISO definition	Supporting comments
T41	Other cultural specific activity	Application of other cultural models of practice, traditional and contemporary, which recognise the value of culture to the healing process.	One to one support or a group programme. Each day needs to be recorded separately.
T42	MH Individual treatment attendances: whānau/family not present	Individual assessment, treatment, care, planning, review and discharge services. Neither family/whānau nor a significant 'other' is present.	One to one support with no family present.
T43	Community support contacts	Support services provided to consumers with a mental illness and/or addiction to support/facilitate engagement with community, including accessing and maintaining accommodation, employment and social activity.	One to one support. Consumer is always present. Travel time is <u>not</u> included but staff should record the time spent with the consumer in the car if the conversation was significant.
T44	Advocacy	Advocacy which enhances consumer empowerment and upholds the legal rights of consumers.	One to one support and the consumer is always present. If the consumer and the lead clinician are not present then record a T08.
T45	Peer Support	Formal and informal support such as peer support networks and information, access to life skills programmes, community resources and services.	Peer support must be provided by a person with lived experience of mental health and/or addictions. This type of contact can be provided either on a one-to-one basis or to a group of consumers.

3. PRIMHD ACTIVITY SETTING DESCRIPTIONS

PRIMHD activity settings			
Code	HISO description	HISO definition	Supporting comments
AV	Audio Visual	Services provided over a television or video-conference link.	
CM	Community	Service provided to a consumer in a non-hospital setting which is not specifically covered by any of the other definitions.	
CO	Non-Maori cultural setting		This code was retired in 2008 and is included here for historical reference purposes only.
CR	Community Residential	Services provided in mental health residential settings that are deemed to be community not domiciliary.	This code is no longer used.
CT	Court	Services provided in a Court, including when the Court is held at the healthcare agency.	
DM	Domiciliary	Services provided to a consumer in their own home or place of residence.	If the service is provided at another location that is not the consumer's residence then record the setting as CM.
DP	Day consumer setting	Services provided to day consumers at a day hospital on a hospital site.	Rehabilitation programme based on a hospital site.
ED	Emergency Department	Services provided in a hospital-based emergency department.	Must be hospital based A & E and not at an after hours GP-run Accident & Emergency Department.
IP	Inpatient	Services provided in a hospital setting while the consumer is an inpatient.	
MC	Māori cultural setting	Services provided in a setting working under kaupapa Māori.	
NP	Non-psychiatric	Services provided in other parts of hospital.	Hospital clinics/ general wards/hospital based X-ray and blood testing clinics.
OL	Other location		This code was retired in 2008 and is included here for historical reference purposes only.
OP	Outpatient		This code was retired in 2008 and is included here for historical reference purposes only.

PRIMHD activity settings			
Code	HISO description	HISO definition	Supporting comments
OS	Onsite	Services provided in a mental health or alcohol and drug service that is the clinicians place of work, not specifically covered by any of the other definitions.	
PH	Telephone	Services provided where the contact with the service user is a clinically significant telephone call. (at least 5 minutes).	Needs to be a significant mental Health or addiction contact.
PR	Prison	Services provided in a Prison, including police cells.	Supporting a consumer in prison/police cells.
RE	Residential	Services provided in a community-based residential rehabilitative mental health or alcohol and drug service.	As defined by provider contract.
RU	Rural	Services provided in a community-based rural rehabilitative mental health or alcohol and drug service.	As defined by provider contract.
SM	SMS text messaging	Services provided via SMS cellular communications text messaging.	Needs to be a significant mental Health or addiction contact. Record the start time of the first text and then record the time that the last text was submitted.
WR	Written Correspondence	Services proved via letter, fax or email.	This setting code is to be used when there is significant correspondence with a consumer or with another agency via email or in written form. It is not used for sending out appointment times, or for writing up notes, etc.

4. 'REFERRAL TO' AND 'REFERRAL FROM' CODES

'Referral to' and 'referral from' codes			
Code	HISO description	HISO definition	Supporting comments
PI	Psychiatric inpatient	Psychiatric inpatient service	
OP	Psychiatric outpatients	Psychiatric outpatients service	
CM	Adult community mental health services	Adult community service, including mobile community teams	DHB Adult community teams
AD	Alcohol and drug	Alcohol and drug provider or facility	
CA	Child adolescent and family mental health service	Child adolescent and family service	DHB Child adolescent and family mental health service
RE	Mental health residential	Mental health residential service	
SE	Mental health community skills enhancement programme	Mental health community skills enhancement programme	This means community skills enhancement teams (refer to the 09 team type code)
NA	Needs assessment and co-ordination service	Needs assessment and co-ordination service	
KM	Kaupapa Māori Service	Kaupapa Māori Service	
KP	Pacific peoples	Pacific peoples	
NP	Hospital referral (non psychiatric)	Hospital referral (non psychiatric)	
DH	Day Hospital	Day Hospital	Usually within the inpatient unit
AE	Accident and emergency	Accident and emergency department or service	
PD	Paediatrics	Paediatric setting or a paediatrician	
PH	Public Health	Child or adolescent referred from or to a non mental health community provider, e.g. public health nurse, Plunket	
ED	Education sector	Educational institution including schools, preschool, kindergarten, school guidance counselor, special education services	
SW	Social welfare	Government social welfare, e.g. CYPFA (Children, Young persons and their families agency), WINZ (Work and Income NZ)	
JU	Justice	Justice, courts, corrections or youth justice	Including Probation
PO	Police	Police	
GP	General practitioner	General practitioner or medical centre, including private after hours emergency services	

‘Referral to’ and ‘referral from’ codes			
Code	HISO description	HISO definition	Supporting comments
PP	Private practitioner	Private practitioner, e.g. psychologist, psychiatrist, medical specialist in private practice	
SR	Self or relative referral	Self, relatives, whānau, family or significant other person, or referred to relatives, whānau, family or significant other person	
CS	Community Support Service		
VS	Vocational Service		
OT	Other	Internal referrals	Internal referrals
UN	Unknown	Other service or agency not specified elsewhere	
NR	No further referral		

NB: Report all referrals; including those that are subsequently declined (refer to referral end codes RI and RO).

5. REFERRAL END CODES DESCRIPTIONS

Referral end codes			
Code	HISO description	HISO definition	Supporting comments
DD	Died	Consumer died while registered with team	
DG	Gone with no address or lost to follow-up		Informal or formal, voluntary or involuntary.
DS	Self discharge	Self discharge from hospital	<p>The Referral End Codes are used to end any referral to any team.</p> <p>The DS code is usually applied following a period of time (specific to the Organisation) of no activity.</p> <p>This code applies to both NGO and DHB services.</p>
DM	Consumer did not attend following the referral		
DR	Ended Routinely	Discharge by team – completion of treatment associated with all service codes utilized by this consumer at this team.	
DT	Discharge of consumer to another healthcare organisation		
DW	Discharge to other service within same organisation	Internal	
RI	Referral declined – inability to provide services requested.		
RO	Referral declined – Other services more appropriate		

6. PRIMHD TEAM TYPE CODES AND DESCRIPTIONS

PRIMHD team types			
Code	HISO description	HISO definition	Supporting comments
01	Inpatient Team	<p>Inpatient teams provide services in a medical environment such as a hospital to eligible persons who are in need of a period of close observation, intensive investigation or intervention.</p> <p>Note:</p> <p>Inpatient teams aimed at a specific client group or purpose e.g. A&D, CAFS, Kaupapa Māori should be mapped to the specific team below.</p>	
02	Community Team	<p>Community teams provide non residential assessment and treatment services including outpatient services.</p> <p>Note:</p> <p>Community teams aimed at a specific client group or purpose e.g. A&D, CAFS, Kaupapa Māori should be mapped to the specific team below.</p>	<p>Community Clinical teams</p> <p>Relates to a provider located in the community that is contracted to provide a community service. It need not be specifically clinical.</p>
03	Alcohol and Drug Team	<p>Alcohol and drug teams provide assessment and treatment services to people with alcohol and other drug problems. Includes inpatient, residential or community based alcohol and drug teams.</p> <p>Note:</p> <p>Alcohol and drug kaupapa Māori teams should be mapped to 10.</p> <p>Children and youth, alcohol and drug teams should be mapped to 21.</p>	<p>Residential teams that are mapped to 03 can only use the T activity codes relating to T08 bed nights and consumer 'on leave'.</p>
04	Child, Adolescent and Family Team	<p>Child, adolescent and family teams provide assessment and treatment services to people aged 0–19 years inclusive. Includes inpatient, residential or community based child, adolescent and family teams.</p> <p>Note:</p> <p>Children and youth, alcohol and drug teams should be mapped to 21.</p> <p>Kaupapa Māori Tamariki and Rangatahi (child and youth) mental health teams should be mapped to 22.</p>	<p>Residential teams that are mapped to 04 can only use the T activity codes relating to T08 bed nights and consumers 'on leave'.</p>

PRIMHD team types			
Code	HISO description	HISO definition	Supporting comments
05	Forensic Team	Forensic teams provide assessment and treatment services to alleged offenders charged with criminal offences, who have or are thought to have a psychiatric illness. Also includes individuals who are unable to be managed safely with general mental health services due to a high level of serious and persistent danger to others. Includes inpatient, residential or community based forensic teams.	Residential teams that are mapped to 05 can only use the T activity codes relating to T08 bed nights and consumers 'on leave'.
06	Kaupapa Māori Team	<p>Kaupapa Māori teams provide assessment and treatment services to people within a Māori kaupapa. Includes inpatient, residential or community based teams within a Māori kaupapa (including child, adolescent and family, youth specialty and psychogeriatric services).</p> <p>Note:</p> <p>Alcohol and drug kaupapa Māori teams should be mapped to 10.</p> <p>Kaupapa Māori Tamariki and Rangatahi (child and youth) mental health teams should be mapped to 22.</p> <p>Kaupapa Māori dual diagnosis mental health and alcohol and drug teams should be mapped to 23.</p>	Kaupapa Māori Residential teams that are mapped to 06 can only use the T activity codes relating to T08 bed nights and 'on leave'.
07	Pacific Island Team	Pacific Island teams provide assessment and treatment services under a Pacific model. Includes inpatient, residential or community based teams working under a Pacific model (including alcohol and drug, child, adolescent and family, youth specialty and psychogeriatric services).	Residential teams that are mapped to 07 can only use the T activity codes relating to T08 bed nights and 'on leave'.
08	Residential Team	Accommodation, rehabilitation and support provided in a community residence to eligible persons with psychiatric disabilities.	Only records bed nights and 'on leave' activity T codes.
09	Community Skills Enhancement Team	Community skills enhancement teams provide non residential, activity-based services to assist people with psychiatric disabilities improve their life skills, overcome social isolation and return to optimal functioning.	Non- clinical teams/providers that are specifically contracted to provide this service record this code.
